#### East Waikiki Primary School Voluntary Contributions

The total amount of **contributions** parents and carers are being asked to pay in 2023 has been contained within the **\$60.00 maximum** set in the School Education Regulations 2000.

Money collected will be used to supplement school expenditure in the areas listed below. The actual costs *per child* are shown in the table beneath. The quality of our teaching and learning program will be maximised when each family makes its contribution to the cost of supplementing funding gained from other sources, including the State and Commonwealth governments.

#### East Waikiki Primary School Charges

- Parents pay for the cost of their child participating in activities / events as they arise, rather than having to make up-front payment.
- The amounts collected for charges vary from year level to year level depending on the nature and range of activities undertaken. Students only incur a cost when they are involved in a particular activity. **The estimated amounts indicated for each year level (K-6) represent the maximum amount that a parent / carer should anticipate being charged for activities if the student were to participate in all activities likely to be planned for that year level.**
- The table below is largely based on the amounts paid over the last several years.
